### DETAILED ACTION

1. On August 16, 2004, a decision by the Office of Petitions to revive the aforementioned application was GRANTED. This application inadvertently remained in a wrongly filed status which has been corrected. Thus the prosecution of the application is hereby REOPENED to be considered by the Examiner.

2. Receipt of the Request for Continued Examination ("RCE") filed June 03, 2004 is acknowledged. Claims 1-14 and 21-29 have been cancelled. Claims 15-20 are pending in the application and are presented to be examined upon their merits.

#### *Allowable Subject Matter*

3. In accordance with the Office Action mailed May 08, 2003, claims 15-20 are allowed.

The following is an examiner's statement of reasons for allowance: The closest prior art of record applied to the application is Gephart (US 6,339,766). Gephart disclose a limited use account management system and method for managing a closing and/or deactivation of an account of a user (see Gephart, fig. 5, Abstract, column. 2, lines 54-67). There were also secondary references (see Office Action mailed May 08, 2003) disclosing obvious limitations not expressly taught in Gephart. The prior art, singularly or in combination, does not show the limitation of an apparatus for managing a closing of an account of a user comprising: a memory unit for storing status information in an account; a response unit connected to the memory unit and operable to receive an identifier to the account; and a determination unit connected to the response unit and operable to receive the identifier from the response unit and to retrieve the status information associated with the identifier from the memory unit, the determination unit further operable to determine whether the account is coded to close from the retrieved status

information and to automatically provide through the response unit a message indicating a reason why the account has not been closed if the account is determined to be coded to close.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
